The International Summer School on Strings and Fundamental Physics will take place in Munich/Garching from July 25 to August 6, 2010. You can find more information on the homepage of the school.

With the end of the term, "This Week at the ASC" will be discontinued until October 13 (the week before the next term). Nonetheless, we would like to encourage all members of the ASC to send us information concerning seminars and events during the semester break. These will then be included in a loose series of announcements.
